

Clever Agreements

So much more than words

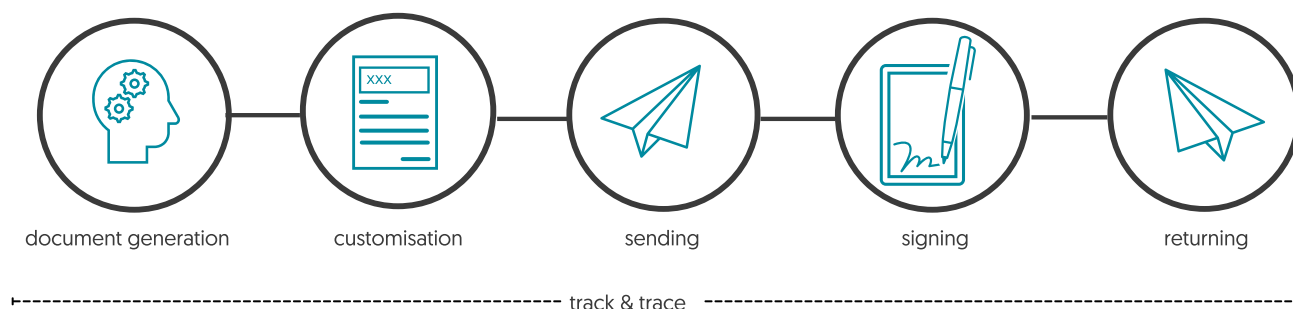

Clever Agreements

The simpler, risk-free way of creating agreements on the fly

Experience what it means to automate and control the entire process of generating, customising, delivering and maintaining every legal agreement you have with your customers.

- Faster client activation and shorter time to revenue
- Staff free to edit sections without affecting contractual integrity or company branding
- Automatic calculation of fees and graphical insights
- Visibility of where every document is in the lifecycle and the power to track and trace
- 'Customer first' approach with electronic signatures and accessible documents for the vision impaired

Clever Agreements lifecycle

Good news for you!

Clever Agreements are generated using the Airdocs Clever Correspondence platform. A cloud-based, software as a service (SaaS) solution that automates the creation, delivery and tracking of perfectly branded, legally correct and compliant customer correspondence, seamlessly integrating with OneSpan & DocuSign, the leading providers of digital signature technology and accessibility tools, which you might already use.

DocuSign®

"With Airdocs, we've a very supportive provider. They have capable people with extensive experience, as well as great ideas and cool tech. Our implementation was best-in-class."

Zvonko Balic - Chief Technology Officer at MyLife MyFinance
